SCHOOL READINESS PROGRAM

The School Readiness Program engages families, community members and educators in the important work of preparing children, from birth to age 5, for kindergarten. Through a partnership formed with selected local elementary schools, the SR Program funds and coordinates Summer Kinder school programs in addition to Family Health and Community Resource Fairs. The Family Resource Fairs bring community programs and governmental agencies together to promote awareness of their services and to provide valuable resources to parents and families.

CHILD SIGNATURE PROGRAM

The Child Signature Program will assist preschool agencies within catchment areas with an Academic Performance Index score between 1-3. The program's Early Learning Specialist will work with the preschools' combined 30 classrooms, and complete a Readiness Assessment. The Child Signature Program will facilitate trainings to preschool teachers using the Early Education Effectiveness Exchange (E4) to increase their skills and knowledge, and to support their educational goals.

A County Commission of PROPOSITION 10 California Children and Families Act of 1998

In November 1998, California voters passed Proposition 10, the "Children and Families Act of 1998" initiative. The act levies a tax on cigarettes and other tobacco products in order to provide funding for early childhood development programs. The ultimate goal of Proposition 10 is to enhance the early growth experiences of children, enabling them to be more successful in school and ultimately to give them an equal opportunity to succeed in life.
